

Government & Public Administration

The government affects Americans in countless ways. There are thousands of challenging educational and training opportunities within the highly-skilled world of Government and Public Administration. In fact, virtually every occupation can be found within government. There are many opportunities in government in every career area. The Government and Public Administration career cluster focuses on those careers that are unique to government and not contained in another area. Learners need a solid background in social studies, political science, foreign language and history.

Pathway includes:

- **National Security**

State and local government employment is projected to increase approximately twelve (12) percent during the next decade. Employment growth will stem from a rising demand for services at the state and local levels. An increasing population is fueling the growth of these services.
